

Fire Pit Use Disclaimer

Bonfire Supply sells wood-burning fire pits intended for outdoor use only.

In the City of Toronto and other jurisdictions, open-air burning is subject to local fire codes and bylaws. Customers are responsible for ensuring they comply with all applicable laws, including restrictions on recreational fires.

Wood-burning fire pits are only permitted in Toronto when used strictly for cooking purposes and in accordance with Toronto Fire Services guidelines.

You do NOT need to be actively cooking, but food must be present-such as marshmallows, hot dogs, or grilling tools.

Bonfire Supply is not liable for any fines, penalties, injuries, or damages resulting from improper use, installation, or disregard of local fire regulations.

By purchasing this product, the customer agrees to assume all responsibility for safe and lawful operation.
