

CSA Certification Notice - Patio Heaters

CSA/ULC CERTIFICATION NOTICE - PATIO HEATERS

All gas-powered patio heaters sold by Bonfire Supply meet Canadian safety standards and are certified by CSA (Canadian Standards Association) or ULC.

Certification ensures compliance with national safety codes related to propane and natural gas appliances.

Always verify the certification label affixed to your product. Do not modify certified heaters or install uncertified models.

CSA/ULC certification is mandatory for legal retail sale in Canada.
